

Dear Brothers and Sisters,

A warm greeting to you. Hope your doing well. I wanted to let you know that I will be leaving for Bolivia this coming Friday, March 5th. I would greatly appreciate your prayers as I conduct one seminar with many pastors in the capitol city of Santa Cruz. I'll be working with my South American director, Pastor Carlos Casco. He will continue with 4 more IBS seminars after the first one we do. Please continue to pray for Carlos as he will minister to hundreds of pastors over about 5 weeks.

I am also taking with me two Chiropractors who will be conducting clinics for the first week with hundreds of patients. Pray for God to work signs and wonders as they treat the people.

Pray for health and strength during these days and for safety on our flights. We have to fly into Chile, which just had the major earthquake and were not sure of all of our flight connections so please pray.

Pray for our wives as they are left behind during this time. Thank you very much and may God bless you abundantly.
