

Greetings!

Pastor Bill Holdridge and I had a great trip to Pakistan. We arrived home safely on Friday evening. Thank you very much for your prayers. It made a huge difference. We saw God moving mightily over the two weeks. Both seminars turned out well after some translator problems at the first seminar. God intervened and the participants caught the concept. The pastors told us that they had never heard of this kind of teaching, the Inductive Bible study, but they loved it and realized the need for teaching verse-by-verse, chapter-by-chapter.

We also were invited to several open-air crusades and I had Pastor Bill teach at most of them. He did a terrific job and we saw many Muslims come forward to receive Christ at the alter call. Many would also come for healing and it was exciting to see God heal and restore the sick. Here is a quote from Dr Jamil Nasir who invited us to his big open-air outreach.

Jamil wrote:

"Dear partners To Day I want to let you know about the two Man of God from USA, God send them in Islamic country Pakistan were 98 % are Muslim and 1.5 % are Christian, God Give them mission to expanding the glories kingdom of Lord Jesus Christ in Islamic Nation. I invite them through my Friend for our Monthly Educational Convention to healing and deliverance session, while Pastor Dan are praying many people are crying weeping and evil spirits come out during the prayer session, meanwhile the man of God Pastor Bill is anointing people with Holy ole, it was great manifesting of the Holy Spirit in prayer session. I received some many calls from all over the city and people share many testimonies, and some people share the testimony in Sunday Service. Pastors, church leaders and many other people ask me to invite them again. What a great joy for people of the Lord in this Convention."

We were not in the flooding area but were told of the horrible situation of 14 million displaced Pakistanis. The weather where we were was incredibly hot and humid but God gave us strength to teach and preach the Word! Thanks again for praying! We are excited to see what new doors the Lord will open for future ministry in Pakistan.

Blessings - Dan
